Assignment on HTML – Basic Markups

Write a HTML page for displaying your **Resume/Profile**. It should include the following:

1. Browser title "Name's Profile"
2. A heading with your name
3. A profile picture
4. Paragraph containing your address in three separate lines (address line1, address line2, city-state-pincode)
5. A table containing your educational/academic record as follows

Semester	Session	Grade Point Average		Acheivements/ Projects
		Semester	Cumulative	
				(list of achievements/projects)

6. An ordered list of hobbies/interests
7. An unordered list of links to your online profiles (facebook/LinkedIn/instagram etc)
